UNLIMITED POWER
TRADING & CONTRACTING

ABOUT COMPANY

UNLIMITED POWER was established in 2020 and become the country's best choice for a wide range building developments. We have a strong reputation of delivering a diverse portfolio of projects in the construction of medium buildings and mixed-use developments.

These include Construction and Fit-Out of the following:

- Residential projects
- Corporate offices
- Hospitality
- Leisure
- Malls
- Hospitals
- Theme Parks
- Sports and recreational facilities

We have realized a range of high quality projects through the integration of complex engineering solutions of exceptional standard for large-scale projects in both the private and public sector here in Qatar. Our excellent strategic planning process is the key to our achievements, enabling the punctual and successful completion of all major developments and turnkey services to our valued clients. As a result of our project management, diverse in-house teams and highly skilled craftsmen; we bring a good experience to every project we undertake. Guided by our passion to serve our clients, we consistently achieve the highest quality, safety and environmental standards.

Our Vision

To become one of Qatar's leading construction and maintenance companies by delivering innovative, high-quality, and sustainable solutions that exceed client expectations while contributing to the nation's development and infrastructure growth.

Mission

We have the knowledge and experience to realize projects of various scales and functions as well as Client's vision, no matter how large the project, helping transform a dream to reality. With signature developments all over Qatar – explore what we have achieved already and what is in store for tomorrow as together we... Build Qatar's future, today.

SUSTAINABILITY

At Unlimited Power Trading & Contracting, we work with architects, engineers and client to design and construct eco-friendly facilities. Our Strength lies in our ability to understand costs, materials, system, and constructability issues associated with sustainable construction practices.

Unlimited Power Trading & Contracting is committed to delivering environmentally responsible construction solutions through sustainable building practices and efficient project management. We support green construction initiatives by integrating sustainable design input, responsible material procurement, and effective construction procedures to minimize environmental impact while ensuring quality, efficiency, and long-term project value.
